Insurance program for the municipalities' NPOs member of the UMQ

Welcome to the Web portal of BFL Canada for the insurance program for NPOs in member municipalities of the Union des municipalités du Québec.

Via this portal, you will access, as a representative of a not-for-profit organization, to insurance coverage for protection against damage to your property as well as against the consequences resulting from your organization's activities and decisions. In addition, the directors, officers, employees and volunteers can be protected against bodily injury that they may suffer in the course of their work with the organization.

To continue in this portal, you must make a choice, according to your situation:

I am an organization that wishes to join the program

OR

I am an organization currently insured by the program and I wish to consult or update my file

IMPORTANT: Only the organizations recognized by their municipality, for the purposes of the insurance program of non-profit organizations of the UMQ, are eligible. We encourage you to check with your municipality that your organization is well recognized before completing the electronic form.
